

COURSE ANNOUNCEMENT

Dear Colleagues:

I have gratuitously posted my acupuncture clinical protocol for the treatment of dry mouth and dry eyes as a result of post radiotherapy and Sjogrens' Syndrome for several years. This technique is very successfully employed throughout the world.

I have had many requests to teach my protocol to healthcare providers who are appropriately licensed to perform acupuncture. I am very happy to announce that a xerostomia/xerophthalmia acupuncture course will be offered and taught by myself. People who successfully pass this course will be certified and listed on my website. You are directed to www.auriculartherapy.com or www.integratedmedicineseminars.com for further information.

Best Wishes For Success!

Richard C. Niemtow, MD, PHD, MPH
